Champion Strut™ Two-Hole Pipe Clamps

Champion Strut® two-hole pipe clamps are designed for securing IPS sized piping and conduit to Champion Strut channels or other material type channels. These two-hole pipe clamps can be used in both Type 1 and Type 2 loading applications. The Champion Strut® two-hole pipe clamps are manufactured from a fire-retardant, glass-reinforced polyester resin. Champion Strut® two-hole pipe clamps are available in sizes 1/2" - 18" diameters. Larger diameter clamps for special applications are also available.

Please contact the Champion Fiberglass factory for pricing and availability on vinyl ester hangers and non-standard pipe clamp sizes. You can also view availability and real-time inventory on Champion pipe clamps, strut, and more at [Champion Strut Inventory](#).

Foust Family Update!

Left to right: Sam (17), Matt (19), Jack (21), and Annie (15)

This time of year we always give an update on our family.

Jack is working and has his first apartment. He has plans to finish his college soon. Matt is a freshman at the University of Arkansas. Woow Pig Sooi! He is pursuing a business and accounting degree and plans on being a pilot upon graduation. Sam is a junior in high school and does programming and building for the robotics team.

Annie is a sophomore in high school, and is on the varsity cheer team. She loves playing with Bentley our Golden Retriever. He is eight years old. We added a new addition to our family this year. A miniature Goldendoodle puppy named Bear. He is the boss!

The Christmas season is special to the Foust family. Our faith is key to our company and the success of our manufacturers.

"For by grace you have been saved through faith. And this is not your own doing; it is the gift of God, not a result of works, so that no one may boast." —**Ephesians 2:8-9**

Kelly and I appreciate all the support. We are blessed with friends and partners in success.
